ONE WORKFLOW. FOUR REASONS IT WORKS.

01

1-CLICK BACKEND

Deal to submitted contract in seconds.

A screenshot of a web form titled "Warranty Product Quotes". It features two identical sections, each with a green progress bar at the top, followed by input fields for "NAME", "ADDRESS", "CITY", "STATE", and "ZIP". To the right of each section is a red trash icon. At the bottom of the form is a large green button labeled "Submit Final Contract". A green checkmark icon is in the top right corner.

02

NO BACKEND LEAKS

Every vehicle. Every product. Every time.

A screenshot of a data table with two columns: "Date" and "Status". Each row contains a date (e.g., 10/10/2020, 10/11/2020) and a status (e.g., "New", "In Progress"). The table is presented in a clean, modern interface with green accents.

03

24HR SELLING

Customers buy even after the store closes.

04

PEACE OF MIND

Automatic waivers, on every deal.

01

03 24HR SELLING

Your store closes at 9.
Your menu doesn't.

Send the menu to their phone.

They review and decide on their own time. *No pressure.*

SOLD. AT 9:42 PM.

04 PEACE OF MIND

Compliance? Built in.

Every declined product generates a waiver automatically.
Menus, contracts, and waivers — all in one deal record.

WHY THIS MATTERS FOR AGENTS

& dealers.

It's more money.

The green  means money — one click puts backend gross on every deal.

It's consistency.

Every vehicle, every product, no exceptions — no matter who's in the chair.

It's around the clock.

Deals don't die when the store closes. The menu keeps selling.

It's protection.

Every declined product is covered, automatically. No exposure.

Backend profit made simple.
